How to redeem:

- Buy eligible HP laptop/desktop
- Post purchase, visit www.redeemnow.in/hp-smartchild-program : enter your order id, select the standard for which you want content and pay nominal processing fee. You will receive an email/SMS from our end within 72 hours with the status of validation.
- If validation is successful, you will receive a kit containing pen drive for standard chosen, user manual and 3 scratch cards (one for standard chosen and other two for next subsequent standards, if they exist) within 10 working days at delivery address chosen for placing the order. For any support, please drop a mail to: support@redeemnow.in

Each scratch card should be used to activate content for one standard only in a year. Plug in pen drive received in your HP laptop/desktop and activate its content using the scratch card provided. For next two standards, content can be downloaded from the links mentioned in user manual received and then activated using the scratch cards provided. Please make sure that only one standard's content is activated in a year
